BUILDERS BUY BIG WEST SIDE PLOT

Six Lots in Seventy-Third and Seventy-Fourth Streets, Near Central Park West, To Be Improved with Good Dwellings—Other Transactions.

Business reported in real estate yesterday was not extensive. It is everywhere admitted now that the dull season is thoroughly on, and that little buying can be expected from any but operators or builders until the fall.

Slawson & Hobbs sold for F. Ambrose Clark to W. W. & T. M. Hall four lots in the north side of Seventy-third street, 100 feet west of Central Park West, 100x100.2; and two lots in the south side of Seventy-fourth street, 100 feet west of Central Park West, 50x102.2. The buyers will improve the property with high class five and a half and six story American basement dwellings. The return of these builders to the upper west side is remarkably significant of the increasing interest in property in that section.

Sale of East Side Properties.

Pocher & Co. sold for Simon Herman to a client Nos. 128 and 130 East Fifty-first street, two four story single brick flats, on a plot 40x half the block.

Anna M. Galbraith is reported to have sold No. 115 East Fifty-sixth street, a four story brown stone front dwelling, on a lot 20x100.5. Mrs. Galbraith is the buyer of No. 45 West Fifty-first street.

FOREIGN MONEY MARKET.

Prices Steady in the London Stock Exchange—Southern Pacific the Feature of American Securities.

LONDON, Tuesday.—Money was in good demand in the market to-day for month end requirements. Discounts were a shade easier on talk of a reduction of the Bank of England's rate of discount.

Prices on the Stock Exchange were steady. A moderate amount of business was transacted in first class securities, which were firm, but consols and home rails were somewhat weaker on realizations.

Americans opened weak, especially specialties, but later the parity level was maintained and sometimes exceeded. The feature was Southern Pacific, which closed at 73 1-8 on dividend rumors. Operators were inclined to be cautious owing to the heavy selling in Wall street yesterday. Stocks weakened slightly during the last hour, but recovered and closed firm.

Japanese were bought well on the war news. Imperial Japanese government sixes of 1904 were quoted at 104¼. Peruvians were in demand for the Continent.

Consols for money, 91 5-16; consols for account, 91 9-16; De Beers, 18¼; Rand Mines, 10½. Money, 2¾ a 3 per cent. Discount rates—short bills—2⅝ per cent. Three months bills, 2⅝ a 3½ per cent.

Bullion amounting to £90,000 was taken into the Bank of England on balance to-day.

Bar gold, 77s. 9d.

Gold premiums are quoted as follows:—Madrid, 31.35; Lisbon, 7.50.

Very Firm Tone in Paris.

PARIS, Tuesday.—The tone on the Bourse today was very firm, owing to the abundance of money for the monthly settlement. Russian imperial fours were quoted at 91.15 and Russian bonds of 1904 at 508.

The private rate of discount was 1½ per cent.

Three per cent rentes, 100f. 22½c. for the account. Exchange on London, 25f. 21c. for checks.

Business Dull in Berlin.

BERLIN, Tuesday.—Trading on the Boerse today generally was sluggish.

Exchange on London, 20 marks 49¾ pfennigs for checks. Discount rates—Short bills, 2½ per cent; three months' bills 1¾ per cent.

Treasury Statement.

WASHINGTON, Tuesday.—To-day's statement of the Treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows:—Available cash balance, $138,909,468; gold, $51,818,126; silver, $25,467,584; United States notes, $14,212,632; Treasury notes of 1890, $38,693; national bank notes, $16,128,576; total receipts this day, $1,691,760; total receipts this month, $44,608,072; total receipts this year $365,668,211; total expenditures this day, $2,286,000; total expenditures this month, $41,416,000; total expenditures this year, $391,073,745; deposits in national banks, $106,994,331.

Exports of Merchandise.

REACTIONARY TONE TO STOCK MARKET

Pronounced Selling Movement Develops, but a Slight Recovery Marks the Close.

PRESSURE ON UNION PACIFIC

General List Affected by Execution of Stop Loss Orders and Bear Pressure from Traders.

Stocks yesterday developed a reactionary tone, which became pronounced in the late trading. Liquidating sales, accompanied by bear pressure and the unloading of weakly margined accounts on stop orders, brought about a selling movement of substantial proportions. The market closed in a recovery.

Opening prices were higher and London was reported a buyer. Heavy profit taking sales were distributed throughout the list, with special pressure on Union Pacific, which broke nearly four points. This was followed by a recovery, only to give way again to a more pronounced selling movement in which losses of from 2 to 3 points were sustained. There was a subsidence of deal reports.

Wheat was nervous and weak. Cotton closed unchanged. The time money market was firm, while call rates were unchanged. Sterling was partially steady, with demand bills closing at 4.8660. Government bonds were unchanged and other bonds were slightly reactionary.

Sales at the board, including unlisted stocks, amounted to 1,667,394 shares, against 1,960,252 shares on Monday and 1,274,392 shares on Saturday. Following is a summary of yesterday's market:—

CURB SECURITIES SUFFER REACTIONS

General Liquidation Attends Movement of Outside Shares—Northerns Down.

On the curb yesterday the tone of the market was distinctly reactionary, in sympathy with the weakness on the Exchange. There was a large volume of business done, particularly in Northern Securities, American Can and Interborough Rapid Transit. In these stocks losses of from 1 to 3 points were sustained.

The leader in point of activity yesterday was Northern Securities. The fact that the argument was expected during the day in the case before the Supreme Court assisted in opening the stock up ½ point, at 159¼, but before the day was over it had sold down to 155¼, a loss of 4 points. Stop orders were caught on the decline. Before the close there was a slight rally, closing at 156.

Heavy liquidation of speculative accounts in American Can shares developed with the result that at the close the common stock sold at 10⅝, and the preferred closed at 66½.

American Writing Paper preferred eased off from 29 to 28¼. Greene Copper was steady and did not suffer much. It closed slightly higher, at 28⅛. Leather preferred, when issued, was inclined to advance, but was unchanged at the close.

Standard Oil continued to advance on a variety of small transactions, regaining the dividend. On the previous day a gain of 9 points was scored, and yesterday the stock advanced to 615, a gain of 5 points.

Interborough Rapid Transit opened higher but reacted later, closing at 203½. It sold at 207 on an analysis of its recent report showing that the company was earning about 12 per cent.

International Mercantile Marine was softer, and closed at 33⅝. Mackay Companies suffered from profit taking, losing 1½ points.

Talked About in Wall Street.

It was rather the expected which happened in the stock market when prices broke yesterday. Expert observers had already expressed the opinion that the market must assuredly decline unless some news announcement adequately explaining the plunging activity and recent sharp advance was made. No news came to hand yesterday and prices declined.

The decline, all things considered, was a normal movement. It was impossible to continue the high pressure of activity indefinitely without something to explain it, and again prices had advanced so rapidly and so extensively without reaction that reaction was certainly due. Heavy distributive and profit taking sales had somewhat weakened the speculative position, and the market was filled with stop orders. Traders worked for reactions and greatly assisted in the declines.

Market Influences

There was a subsidence of the remarkable and in some instances plausible stories of railroad mergers which served to feed speculative fancies last week. Practically the same tactics were adopted of advancing a group of two or three stocks, under cover of which it was found possible to distribute former favorites, but yesterday these attempts proved futile under the general liquidating sales.

Amalgamated Copper, Brooklyn Rapid Transit and other tractions were the features selected by the market operators yesterday, but the early gains established were wiped out in the wave of liquidation, which seemed to centre in Union Pacific. London was reported a buyer of the American list and the higher range of prices cabled before the opening here indicated that there was some basis for the statement.

Course of the Trading.

At the outset the majority of stocks showed fractional gains over the closing of the previous night. Southern Pacific and Baltimore and Ohio opened higher and the tractions developed strength. The break in Union Pacific which followed after the first hour's trading created disquietude among the traders, as it revealed the fact that the market was too largely filled with stop loss orders and some weak accounts. The bound in Union Pacific after the slump of three points did not wholly allay the fears that had been created. As a result the market became "spotty" and inclined to develop a reactionary tone. This tendency became more pronounced as the trading progressed. A substantial reaction was in full swing in the last hour of business. All the active speculative leaders sustained losses of from one to three points. In the decline pressure from bear sources was apparent. Covering from the same sources later resulted in a rally.

Money Market Affairs.

The money market ruled strong but was without sensational change. Call money ruled at three per cent. Time money was 3¼ to 3½ per cent for sixty and ninety days and 3½ to 3¾ per cent for four, five and six months. Well secured loans were as a general thing placed without much difficulty at the lower rates of the two.

Demand sterling was steady and practically unchanged at 4.8660. On Sub-Treasury operations banks lost $924,000 to the government, making a loss on the part of the banks of $1,615,000 since Friday. This compares with a gain of $16,000 for the same interval last week. Customs collections were again heavy yesterday, amounting to $886,820.

The Pacific Shares.

The Pacific shares, Union and Southern, were again tremendously active and both underwent declines. The break in Union Pacific at the outset had in fact much to do with the general unsettlement of the market in the early trading. Southern Pacific's decline seemed to be sympathetic with that of the controlling company.

Nothing in the way of news developed to explain the heaviness of these stocks. In fact, the absence of news contributed more largely than anything else to their decline. It was idle to whisper stories of buying for control when huge quantities of stock were pouring out. That some stock was taken on the decline was self-evident, whether to cover shorts or for the long account, however, did not appear.

Steel Preferred Weak.

Many believed that the pronounced weakness in Steel preferred in the afternoon caused a general selling of the list. The weakness in this stock was one of the contributory agencies in the decline, but it was said on the floor that the slump in this issue was due to the poor execution of a large selling order. Traders discovered that a fairly large block of the stock was for sale and the market was hammered right and left. In the end the traders covered their commitments from the unfortunate broker who had the selling order. In the common stock much activity developed, and despite the recession in the preferred stock it closed for a fractional gain.

Amalgamated Copper.

Amalgamated Copper was selected as the outset as one of the issues to lead the market. For a time headway was made, but the scoop in Union Pacific, in which that issue broke about three points, disarranged all plans, and activity ceased. There is some talk that the management is preparing a report which will set forth the condition of the company's affairs, and will furnish to the stockholders some ideas as to its resources. In the reaction, the stock suffered a loss of two points from the high figure, closing unchanged. The smelting and lead stocks moved as did the balance of the market.

Southern Iron Merger.

Very little that was new came out in regard to the Southern coal and iron merger and the same reports of a hitch in the negotiations that were current on Monday were in circulation. It appears that there are doubts as to the success of the merger on account of the differences over the Tennessee Coal and Iron control. On element asserts it has bought contracts for the control of the property, whereas the present management announces that it has the certificates stored in vaults. The idea is ridiculed by many that the holdings of one capitalist, whose name is freely mentioned, has pooled his stock with the merger promoters.

Boston Wool Market.

BOSTON, Tuesday.—The wool market is quiet and steady. The offerings in this market have been greatly affected by the recent fire at the Hoosac Tunnel docks, in Charlestown, which destroyed between 6,000 and 8,000 bales of Australian wool. Domestic fleeces are quiet, but hold steady.

NEW YORK'S IMPORT TRADE IS MENACED

Gulf Lines Threaten to Divert Traffic in Imported Goods from Atlantic Seaboard.

DUE TO WESTERN RATE WAR

Disagreeing in Policy, Three Roads Disrupt Trunk Line Import Committee by Withdrawing from It.

As a result of the Western freight rate war, the rivalry between the Eastern and the Southwestern lines, upon which hinges the diversion of tariff from Atlantic to the Gulf ports, has entered upon a new phase, still further threatening the trade of New York. An attempt is now being made to divert the import traffic of the Atlantic ports to the Gulf, the first effect of which has been to disrupt the Trunk Line Import Committee.

Considering it their duty to protect American manufacturers by maintaining equal rates on import and domestic traffic, the Trunk lines had refused to meet the Gulf port competition. The New York lines especially objected to a cut in rates on imported goods.

It was learned, however, that Philadelphia and Baltimore lines had cut their import rates. Several meetings of the Trunk Line Import Committee were held, at which efforts were made to reach a general understanding. Propositions were made to continue operations, keeping rates in as good a condition as possible, and requiring ten days' advance notice on the part of any line which should decide to act independently on the question of rates.

The members of the committee objected to the compromise, and as a consequence, the Erie, Lackawanna and Lehigh Valley presented a joint notice of withdrawal. Their defection has practically dissolved the Trunk Line Import Committee.

According to the traffic manager of one of the lines that withdrew from the agreement, their position has been strengthened by this action. "Our withdrawal," said this official, "emphasizes the necessity for a reorganization upon stricter lines. It does not signify necessarily that we will meet the cut in import rates.

"Any such action would place us in a delicate position as regards domestic manufacturers, as the cutting of import rates necessarily benefits foreigners. We consider the attitude of the Southwestern lines as a purely selfish one in this matter. The cutting of export rates is radically different, as that serves to stimulate traffic and the country's trade.

"While the reduction of import rates by the Gulf lines has not so far reaching an effect on New York's trade as the diversion of grain traffic, it is nevertheless a serious matter. New York is the natural distributing point of imports, and this city would suffer severely from the loss of traffic in high class imported manufactures.

"There will be a meeting of the trunk lines in Chicago next week to discuss this question of competition in rates on import traffic to the West."

It is feared by the railroads that American manufacturers who are suffering from the effect of lower charges on imported goods may appeal to the Interstate Commerce Commission against what they maintain is an unjust discrimination against them.

MUST WAIT FOR SALARIES.

Not Enough Money Left in Uncle Sam's Treasury to Pay the Customs Employes.

Little was discussed at the Custom House yesterday but the inability of Uncle Sam's Treasury Department [illegible] monthly salaries, which fell due [illegible] day. Not only in this city, but in all branches of the department which come under the head of "collective departments" were the men informed that there was not enough money left under the year's appropriation to pay their wages.

The reason for the deficiency was that the amount already appropriated for the collection of customs revenue had been paid out. Unless the general deficiency bill is passed between the present time and Saturday there will be no funds available. If the bill is not passed by that time there will be no funds available until next July. Assurances were given the customs employes in this city yesterday that the funds will be forthcoming this week.

At the Custom House it was stated yesterday that the amount annually appropriated to defray the expenses of collecting the customs was only $5,000,000. This amount has been annually appropriated for thirty years, notwithstanding the vast increase in work and in the number of employes in that time. The appropriation has been increased by fines and seizures, the average total of which is about $1,125,000. Secretary Shaw now proposes to make the appropriation $9,000,000 a year, which will be sufficient for all expenses.

NET PROFITS INCREASE.

Associated Merchants' Company, in Semi-Annual Report, Shows a Gain of $21,468.

In its report for the six months ended February 1 the Associated Merchants' Company shows net earnings amounting to $568,600, an increase of $21,468 over the same period in 1904. After dividend payments made on the first and second preferred and common stocks, and an extra dividend, there was left a surplus of $96,814.

John Claflin, president of the company, says the various classes of stockholders have entered into an agreement whereby, whenever the rate of distribution on the common stock shall exceed 7 per cent per annum, then for each additional 1 per cent beyond 7 per cent in the rate paid on the common stock the preferred stocks shall be entitled to additional dividends at the rate of ½ of 1 per cent per annum beyond their present fixed rate."

For the common stock the dividend rate was raised to 8 per cent, and in pursuance of the agreement the dividend rate on the first preferred stock was increased to 5½ per cent and the rate on the second preferred stocks to 6½ per cent.

According to the general balance sheet the total assets amount to $16,047,488. The company has no indebtedness. Seven shares of first preferred stock were converted into second preferred during the half year and 5,260 shares of first preferred into common stock.

HURT BY VICIOUS SCHEMES.

Unsound National Building and Loan Associations a Great Injury to Honest Concerns.

ALBANY, Tuesday.—"No class of financial institutions has ever been subjected to a severer strain than that which the truly co-operative building and loan associations of this State have sustained for many years," says Superintendent Frederick D. Kilburn, of the State Banking Department, in his annual report on building and loan associations, made public to-night.

"Since the vicious schemes," he says, "and unsound theories upon which certain national associations masking under the same name were based have been exposed and the associations themselves compelled to discontinue business, the well managed associations have been obliged to share in the odium caused by the failure of the others.

"I think, however, it is apparent," Mr. Kilburn adds, "that while the building and loan movement has been greatly injured by these failures there can be no doubt that general conditions are much better than they were before the weeding out process began."

RAILROAD CONSOLIDATION.

Combination of Lines Forming New York Canadian Pacific Would Parallel New York Central.

ALBANY, N. Y., Tuesday.—An agreement of consolidation of the New York and Albany Railroad Company, capital $5,000,000, with the Schenectady and Albany Railroad Company, capital $150,000, and the New York Northern Railroad Company, capital $5,000,000, forming the New York Canadian Pacific Railway, was filed with the Secretary of State here to-day.

The consolidated company has a capital of $10,150,000. The directors are Verplanck Colvin, George C. Van Tuyl, Jr., and W. Howard Brown, Albany; John McEncroe, Schenectady; Peter H. Flagler, Clarksville; James Francis, Edwin A. Jones and Edward D. A. Colvin, New York city, and Kenneth K. McLaren, Jersey City, N. J.

These companies hold franchises to construct a line of railroad from New York city to Canada, passing through Albany and the Adirondack region, which would practically parallel the New York Central. At hearings before the State Board of Railroad Commissioners applications for issuing securities to construct the lines have been denied.

CREDITORS WORKING FOR A SETTLEMENT

Ellingwood & Cunningham Accounts Investigated—May Include Outside Assets.

Judge MacLean, of the Supreme Court, has granted an order for Charles H. Ellingwood, assignee of the firm of Ellingwood & Cunningham, stock brokers, of No. 41 Wall street, to file a provisional bond of $300,000 as assignee until the full schedules are completed. He stated that from an examination of the firm's books it appeared that the liabilities are $2,239,500, nominal assets $952,428 and actual assets $265,800, consisting of equities in loans, securities in vault and a seat in the New York Stock Exchange.

Efforts are still being made by a committee of creditors in behalf of the firm to prevent bankruptcy proceedings. It is hoped that creditors will sign an agreement releasing the firm from payment in cash of the obligations in full on certain conditions. These conditions involve a proposition to include in the list of assets personal property of Mrs. Cunningham and real estate of Mr. Cunningham at Long Branch, known as Norwood Park.

Several creditors complain that a number of accounts existed which were mainly speculative. An investigation disclosed that many of these accounts were uncollectible. The offers for a settlement made by the firm including assets which could not be touched in bankruptcy proceedings are considered generous by the creditors, and it is believed that a compromise will be made. These assets consist of New York realty and are valued at about $400,000. In event of a settlement about forty per cent will be paid in cash and the balance in notes.

The failure, with liabilities of $2,239,500, while considered a large one, has not heretofore attracted the attention which ordinarily is given a concern of such prominence. Recently, however, there has been considerable discussion in brokerage houses and among the speculative element concerning the disclosures made in the investigation of the firm's books.

TO MAKE CHAIRMAN ELECTIVE.

Proposed Amendment to Stock Exchange Constitution Will Not Require Appointee To Be a Member.

Members of the New York Stock Exchange are this week voting upon the proposed changes in the constitution of the Exchange to make the secretary of the Exchange appointable by the Governing Committee, who may then select a nonmember of the Exchange for the office.

It is also proposed that the Governors will have the privilege of appointing a nonmember as chairman of the Exchange.

Steel Plants Are All Busy.

It is estimated that 1,000,000 tons of steel rails have been ordered from the different steel producers so far this season. Steel Trust officials state that during 1905 about 2,000,000 tons of rails will be sold. Every steel plant of the corporation is now in operation, including the Union plants and those of the Clairton Steel Company.

To Double Company's Capital.

At a special meeting of the stockholders of the Title Insurance Company, of New York, yesterday it was voted to increase the capital stock of the company from $1,000,000 to $2,000,000, and it was also voted to offer the 10,000 shares of new stock to stockholders of record on March 8, 1905, share for share, at $150. Its par value will be $100.

While here Mr. Landstreet announced that the management had decided to purchase new equipment for the Western Maryland, and that bids for the new cars and locomotives have been asked. The equipment decided on for this year includes twenty-six new locomotives, new rails and more than 1,800 new cars, representing an outlay of about $1,900,000.

CONDITIONS IN COTTON.

Farm Work Begun, but Extent of Acreage Reduction Will Not Be Known for Some Time.

[SPECIAL DESPATCH TO THE HERALD.]

NEW ORLEANS, Tuesday.—The Times-Democrat, in its editorial on the cotton situation, will say to-morrow:—

"Increased inquiry for the actual stuff, comparatively heavy spot sales, the refusal of farmers to follow the decline, widening channels of consumption and bearish fears that the big movement time may be delayed some weeks longer, sent 'shorts' to cover in the cisatlantic cotton markets, yesterday, and a small reaction in the contract price resulted as a natural consequence. There was no bullish activity and the staple had to take care of itself. Cotton farm work has at last begun in those sections where the thawing and drying out process started first. With good weather farm work should be well under way generally by March 15. The extent of the acreage reduction, however, cannot be known for three months.

"Meanwhile, conditions in the dry goods market show marked improvement, and the world's mills are busy notwithstanding the reported failure at Rouen. Beyond the shadow of a doubt cotton is cheap enough, but the possibilities of a further dip are too many and too apparent for the consumer yet a while to view with alarm the probability of the farmer holding his cotton through the planting season, summer and, maybe, the fall, as well.

COMMERCIAL MARKETS.

Quiet Session in Cotton—Severe Break in Coffee—Further Declines in Wheat—Corn Irregular—Weak Close to Provisions.

In a market that was quiet cotton yesterday ruled generally steady and closed the session for slight gains. The market opened steady and 1 to 4 points higher and closed very steady and net 2 to 4 points higher.

Coffee was very weak and under liquidation suffered its severest break since January. The market opened irregular and 10 to 20 points lower and closed easy and net 35 to 40 points lower. Wheat continued to decline and at the close May was net 2¼c. lower and other options from 1c. to 1⅞c. Corn was firm and weak by turns and closed ⅜c. net lower. Provisions were strong in the early trading, but finally turned weak with grain.

Slight Gains for Cotton.

COTTON.—The cotton market ruled generally quiet, and after an early decline following the big estimate for to-day's receipts at Houston, was generally steady, but without showing any special snap and without much more than recovering the early break, although final prices showed slight net gains.

The opening was steady at an advance of 1 a 4 points in response to better cables than expected. Local professionals, however, seemed to have bearish opinions of the market and New Orleans sent some selling orders. This pressure became more pronounced after the Houston estimate was posted and prices immediately following were about 9 to 10 points net lower. During the balance of the session fluctuations were generally irregular until toward the close, when a better demand from shorts and some buying credited to leading spot interests imparted a steadier tone to the market and final prices were very steady at a net advance of 2 a 4 points. Sales were estimated at 200,000 bales.

The local market for spot cotton closed quiet and unchanged on the basis of 7.60 for middling upland and 7.85 for middling Gulf.

The range of contract prices in the local market yesterday was as follows:—

Coffee Very Weak Under Liquidation.

It was another active and weak day in the coffee market. Transactions were not so heavy as on one of the days of heavy liquidation last week, but the break was the most severe experienced since the decline started last January, with prices at the close of the day nearly 2 cents a pound below the high level of the season.

The opening was irregular at a decline of 10 a 20 points, and the market worked lower all the session under liquidation credited to houses with Cotton Exchange connections, and later by selling that was supposed to come from one of the chief of the recent supporters of the market. The close was easy at a net decline of 35 a 40 points. Sales were 333,000 bags.

The spot market was unsettled by the continued decline in futures, which it seems is causing interior jobbers to hold for a better buying level. Quotations were more or less nominal, 7⅞c. for Rio No. 7.

The range of contract prices in the local market yesterday was as follows:—

Wheat Continues to Decline.

GRAIN.—Wheat—Further severe declines took place in the wheat market, being accelerated in the last hour by reports that a leading short line in Chicago had made a settlement some time ago. This also gave more or less color to the talk about an abandonment of the bull deal and brought out a lot of long wheat that had withstood the sharp declines of the previous day.

At the close May wheat here showed 2¼c. net decline, and other months from 1c. to 1⅞c. loss. There was very little buoyancy to the market at any time during the session, a few rallies only taking place, mostly when influenced by strength in corn. After the regular close May sold down to $1.13⅝.

The local cash market closed as follows:—No. 2 red, $1.20⅝; No. 1 Northern Duluth, $1.23⅜; No. 1 hard Manitoba, $1.11½, f. o. b., afloat.

Corn.—The corn market exhibited several periods of firmness during the day and seemed at times to get good support at the West from the same people who bought on Monday, but on the bulges was met by heavy commission house and other selling, under which, together with the influence of wheat's decline, the market gradually sagged off, closing here ⅜c. net lower.

No. 2 corn in the local market closed at 58c., elevator, and 54c., f. o. b., afloat; No. 2 white, 54½c., and No. 2 yellow, 54¼c., f. o. b., afloat.

Oats.—This market followed corn all day and was easy, with commission houses good sellers and bull confidence lacking. Cash oats in New York closed as follows:—Mixed 26 to 32 lbs., 37c. a 38c.; natural white, 30 to 32 lbs., 38c. a 38½c., and clipped white, 36 to 40 lbs., 38½c. a 41½c.

Rye nominal.

Barley.—Market steady. Feeding was quoted 44½c., c. i. f., New York, and malting, 46c. a 52c., c. i. f., Buffalo.

FLOUR AND MEAL.—In view of the unsettled state of the wheat market there was practically nothing doing in flour. Sales were small and for immediate needs only. Mills made a further cut in prices for choice grades. Rye flour steady. Buckwheat flour dull. Corn meal steady. Bag meal steady. Feed.—Western dull; city, steady.

Provisions Turn Weak.

PROVISIONS.—A stronger opening in the market, due to firm live hogs and smaller receipts, was followed by unloading, based on the heaviness in grain, and the market closed rather weak. Packers sold product, while foreign houses were buyers early. The Chicago receipts were 22,000; Kansas City, 13,000, and Omaha, 9,500, while the West had 65,000.

Pork steady; quoted, mess, $12.75 a $13.50; family, $14 a $15; short clear, $13 a $15.25. Beef firm; quoted, mess, $9 a $9.50; family, $11 a $12; packet, $10.50 a $11; extra India mess, $15 a $17. Beef hams firm; quoted, $22 a $22.50. Dressed hogs steady; quoted, bacons, 6⅞c.; 180 lbs., 6⅞c.; 160 lbs., 7¼c.; 140 lbs., 7¼c.; pigs, 7⅝c. a 7¾c. Cut Meats.—Pickled bellies steady; quoted, smoking, 7½c.; 10 lbs., 7¼c.; 12 lbs., 7¼c.; 14 lbs., 7c.; pickled shoulders nominal; quoted, 6c.; pickled hams quiet; quoted, 8¾c. a 9c. Tallow dull; city, 4⅝c.; country, 4⅝c. a 4⅞c. Lard firm; quoted, Chicago, prime steam, $7.20; Middle West, prime, $6.90; city lard quiet; quoted, 6⅞c.; refined lard firm; quoted, South America, $7.75; continent, $7.25; Brazil, kegs, $8.75; compound firm; quoted, 4¾c. a 5¼c.; stearine steadier; quoted, oleo, 6⅞c.; city lard stearine, 7¼c. a 7½c.

Butter.—Creamery extras, 32c. a 33c.: State, dairy, tubs, extras, 26c. a 27c. Cheese.—State, full cream, small, September, colored, fancy, 13¾c. Eggs.—State, Pennsylvania and nearby selected, white, fancy, 33c.

Sugar Active and Firm.

SUGAR.—Refined sugar was fairly active at firm but unchanged list prices. Jobbers seem to have covered their nearby requirements by recent purchases in anticipation of a higher market. Every important market reports a firm undertone for raw sugar, with full prices quoted and higher prices asked. Centrifugal, 96 test, is quoted at 5⅛c.; muscovado, 89 test, at 4⅝c., and molasses sugar, 89 test, at 4⅜c.

The Metal Market.

TIN.—The London tin market, meeting with less pressure from speculative sources, was firmer, recovering about half of Monday's loss and closing at £131 7s. 6d. for spot and £130 15s. for futures. Locally the market was steady in sympathy, closing at $28.50 a $29.

COPPER.—The London copper market was unchanged at £68 6s. 3d. for spot and £68 15s. for futures. Locally the market continues firm, with producers holding lake at 15.25c. a 15.50c., electrolytic at 15.12½c. a 15.50c. and casting at 14.87½c. a 15.25c.

LEAD.—Lead was easier abroad, closing at £12 3s. 9d. in the London market. Locally it was unchanged at $4.45 a $4.60. Spelter was steadier at £24 in London but remained unchanged in New York, where it closed at $6.10 a $6.20.

NAVAL STORES.—Stocks:—Rosin, 18,278 bbls.; spirits turpentine, 639 bbls., and tar, 1,429 bbls. The general market showed quietness but firmness for rosin, and $2.98 was asked for common to good strained. Spirits turpentine was quoted at 53½c. for machine made barrels.

Live Stock Market.

BEEVES.—Receipts were 59 cars, or 1,040 head, all for exporters and slaughterers with the exception of 3 cars. Very little trading; feeling steady. S. Judd & Co. sold to an exporter 7 Indiana bulls, 1,785 lbs. average, at $4.60 per 100 lbs. No other sales reported. Dressed beef quiet at yesterday's quotations. No later cable advices received.

CALVES.—Receipts were 420 head, about all for the market. Veals moved rather slowly at about Monday's closing prices. A little more than 50 head were held over. Common to prime veals sold at $4 a $8.50 per 100 lbs.; a bunch of selected do. at $8.75; no barnyard calves on sale. Dressed calves weak and easier. City dressed veals sold at 7c. a 13c. per lb.; country dressed, 7c. a 11½c.

SHEEP AND LAMBS.—Receipts were, including late arrivals, 6 cars, or 1,215 head, all for the market, and, with the stale stock, there were about 8 cars on sale. Sheep ruled steady; lambs were slow and weak, and about 4 cars were held over. Common ewes and bucks sold at $4 a $5 per 100 lbs.; late yesterday a car of prime Western sheep sold at $6.40. Lamb sales to-day were at the range of $7.50 a $8.60. Dressed mutton steady at 8½c. a 11c. per lb.; dressed lambs at 12c. a 14c. Country dressed hothouse lambs lower at $3 a $9 per carcass.

HOGS.—Receipts were 32½ cars, or 5,619 head, including about a carload for the market. Trade slow and prices weak. No sales reported. Late sales made Monday were at the range of $5.10 a $5.45 per 100 lbs. for Pennsylvania pigs and light State hogs. Country dressed hogs slow at 5½c. a 7½c. per lb. for heavy to light weights; rough hogs, 4c. a 4½c.

Chicago Grain Markets.

CHICAGO, Tuesday.—The May deal in wheat is down and out. At least that was the local interpretation of a new break of 2⅝c. a 2¾c. to-day in the price of wheat for May delivery. July wheat sold off an even 2c. The market closed at practically the lowest point of the day. May corn is off ⅛c., oats are down ¼c., and provisions 2½c. a 10c.

Estimated receipts for to-morrow:—Wheat, 9 cars; corn, 243 cars; oats, 132 cars; hogs, 36,000 head.

REACTIONARY TONE TO STOCK MARKET

Pronounced Selling Movement Develops, but a Slight Recovery Marks the Close

PRESSURE ON UNION PACIFIC

General List Affected by Execution of Stop Loss Orders and Bear Pressure from Traders

Stocks yesterday developed a reaction [illegible] one which became pronounced in the late trading. Liquidating sales accompanied by bear pressure and the unloading of weakly margined accounts on stop orders brought about a selling movement of substantial proportions. The market closed in a recovery.

Opening prices were higher, and London was reported a buyer. Heavy profit taking sales were distributed throughout the list with special pressure on Union Pacific, which broke nearly four points. This was followed by a recovery only to give way again to a more pronounced selling movement in which losses of from 2 to 3 points were sustained. There was an abatement of deal reports.

Wheat was nervous and weak. Cotton closed unchanged. The time money market was firm, while call rates were unchanged. Sterling was partially steady, with demand bills closing at 4.8660. Government bonds were unchanged and other bonds were slightly reactionary.

Sales at the board, including unlisted stocks, amounted to 1,667,404 shares, against 1,060,[illegible] shares on Monday and 1,274,102 shares on Saturday. Following is a summary of yesterday's market:—

CURB SECURITIES SUFFER REACTIONS

General Liquidation Attends Movement of Outside Shares—Northerns Down

On the curb yesterday the tone of the market was distinctly reactionary in sympathy with the weakness on the Exchange. There was a large volume of business done, particularly in Northern Securities, American Can and Interborough Rapid Transit. In these stocks losses of from 1 to 3 points were sustained.

The leader in point of activity was Northern Securities. [illegible] the announcement was expected during [illegible] the Supreme Court [illegible] opening the stock up ½ point, at 150¼, but before the law was over it had sold down to 15[illegible], a loss of 4 points. Stop orders were [illegible] the decline. Before the close there was a slight rally, closing at 15[illegible].

Heavy liquidation of speculative accounts in American Can also [illegible] with the result that at the close the common stock sold at 10⅞ and the preferred closed at 66½.

American Writing Paper preferred eased off from 20 to 20¼. Greene Copper was steady and did not suffer much. It closed slightly higher at 20¾. Leather preferred [illegible] was in demand to advance but was unchanged at the close. Standard Oil continued its advance on a variety of small transactions regarding the dividend. On the previous day a gain of 9 points was scored, and yesterday the stock advanced to 6[illegible], a gain of 5 points.

Interborough Rapid Transit opened higher but reacted late, closing at 203½. It sold at 20[illegible] on an analysis of its recent report showing that the company was earning about 12 per cent.

International Mercantile Marine was softer and closed at [illegible]. Mackay Companies suffered from profit taking, losing 1½ points.

Talked About in Wall Street

It was the [illegible] expected which happened in the stock market when prices broke yesterday. Expert observers had already expressed the opinion that the market must inevitably decline unless something [illegible] explaining the plunging activity and recent sharp advance was made. No news came, and yesterday prices declined.

The decline, all things considered, was a normal movement. It was impossible to continue the high pressure of activity indefinitely without something to explain it, and again prices had advanced so rapidly and so extensively without reaction that reaction was certainly due. Heavy distributive and profit taking sales had somewhat weakened the speculative position and the market was filled with stop orders. Traders worked for reactions and greatly assisted in the declines.

Market Influences

There was a subsidence of the remarkable and in some instances plausible stories of railroad mergers which served to feed speculative fancies last week. Practically the same tactics were adopted of advancing a group of two or three stocks under cover of which it was found possible to distribute former favorites, but yesterday these attempts proved futile under the general liquidating sales.

Amalgamated Copper, Brooklyn Rapid Transit and other tractions were the features selected by the market operators yesterday, but the early gains established were wiped out in the wave of liquidation which seemed to centre in Union Pacific. London was reported a buyer of the American list, and the higher range of prices cabled before the opening here indicated that there was some basis for the statement.

Course of the Trading

At the outset the majority of stocks showed fractional gains over the closing of the previous night. Southern Pacific and Baltimore and Ohio opened higher and the tractions developed strength. The break in Union Pacific which followed after the first hour's trading created disquietude among the traders, as it revealed the fact that the market was too largely filled with stop loss orders and some weak accounts. The bound in Union Pacific after the slump of three points did not wholly allay the fears that had been created. As a result the market became spotty and inclined to develop a reactionary tone. The tendency became more pronounced as trading progressed. A substantial [illegible] was in full swing in the last hour of business. All the active speculative [illegible] of from [illegible] to three points. In the [illegible] pressure from [illegible] was apparent, covering from [illegible] sources [illegible] resulted in a rally.

Money Market Affairs

The money market ruled strong, but was without sensational change. Call money ruled at three per cent. Time money was [illegible] at [illegible] per cent for sixty and ninety days [illegible] per cent for four months [illegible] Well secured loans were [illegible] placed without much difficulty at the lower rates of the two.

Demand sterling was steady and practically unchanged at 4.8660. On Saturday Treasury operations banks lost $[illegible] [illegible] the government making the loss on the [illegible] of the banks of $1,[illegible]. This [illegible] with a gain of $[illegible] [illegible] in real last week. Customs collections were again heavy yesterday, amounting to $850,820.

The Pacific Shares

The Pacific shares, Union and Southern, were again conspicuously active and both at lower levels. The break in Union Pacific at the outset had in fact much to do with the general unsettlement of the market in the early trading. Southern Pacific's decline seemed to be sympathetic with that of the controlling company.

Nothing in the way of news developed to explain the weakness of these stocks. In fact the absence of news contributed more directly than anything else to their decline. It was [illegible] whisper stories [illegible] buying for control [illegible] when the [illegible] that some stock was taken in the decline was self evident, whether for short covering or for the long account [illegible] did not appear.

Steel Preferred Weak

Many believed that the pronounced weakness in Steel preferred in the afternoon [illegible] general selling of the list. The weakness in this stock was one of the [illegible] in the decline, but it was said on the floor that the slump in this issue was [illegible] the poor execution of a large selling order. Traders discovered that a fairly large block of the stock was for sale, and the market was hammered right and left. In the end the traders [illegible] [illegible] commitments from [illegible] unfortunate broker who had the selling order. In the common stock much activity developed and despite the recession in [illegible] the preferred stock it closed for a fractional gain.

Amalgamated Copper

Amalgamated Copper was selected as the medium as one of the issues to lead the market. For a time headway was made, but the scoop in Union Pacific, in which that issue broke about three points, disarranged all plans and activity ceased. There is some talk that the management is preparing a report which will set forth the condition of the company's affairs and will furnish to the stockholders some ideas as to its resources. In the reaction the stock suffered a loss of two points from the high figure, closing unchanged. The smelting and lead stocks moved as did the balance of the market.

Southern Iron Merger

Very little that was new came out in regard to the Southern coal and iron merger, and the same reports of a hitch in the negotiations that were current on Monday were in circulation. It appears that there are doubts as to the success of the merger on account of the differences [illegible] the Tennessee Coal and Iron company. On [illegible] it has brought contracts for the output of the property [illegible] present mining [illegible] in vaults. The idea is ridiculed by many that [illegible] holdings of one capitalist whose name is freely mentioned has pooled his stock with the merger promoters.

CONDITIONS IN COTTON.

Farm Work Begun, but Extent of Acreage Reduction Will Not Be Known for Some Time

[SPECIAL DESPATCH TO THE HERALD.]

NEW ORLEANS, Tuesday.—The Times Democrat in its editorial on the cotton situation will say to-morrow:—

"Increased inquiry for the actual stuff, comparatively heavy spot sales, the refusal of farmers to follow the decline, widening channels of consumption and bearish fears that the big movement time may be delayed some weeks longer sent shorts to cover in the cisatlantic cotton markets yesterday, and a small reaction in the contract price resulted as a natural consequence. There was no bullish activity and the staple had to take care of itself. Cotton farm work has at last begun in those sections where the thawing and drying out process started first. With good weather farm work should be well under way generally by March. The extent of the acreage reduction, however, cannot be known for three months.

Meanwhile conditions in the dry goods market show marked improvement and the world's mills are busy notwithstanding the reported failure at Rouen. [illegible] idea of a double cotton [illegible] cheap enough, but the possibilities of a future [illegible] too many and too apparent for the consumer yet awhile to view with alarm the probability of the farmer holding his cotton through the planting season, summer and maybe the fall as well."

REACTIONARY TONE TO STOCK MARKET

Pronounced Selling Movement Develops, but a Slight Recovery Marks the Close.

PRESSURE ON UNION PACIFIC

General List Affected by Execution of Stop Loss Orders and Bear Pressure from Traders.

Stocks yesterday developed a reactionary tone, which became pronounced in the late trading. Liquidating sales, accompanied by bear pressure and the unloading of weakly margined accounts on stop orders, brought about a selling movement of substantial proportions. The market closed in a recovery.

Opening prices were higher and London was reported a buyer. Heavy profit taking sales were distributed throughout the list, with special pressure on Union Pacific, which broke nearly four points. This was followed by a recovery, only to give way again to a more pronounced selling movement in which losses of from 2 to 3 points were sustained. There was a subsidence of deal reports.

Wheat was nervous and weak. Cotton closed unchanged. The time money market was firm, while call rates were unchanged. Sterling was partially steady, with demand bills closing at 4.8660. Government bonds were unchanged and other bonds were slightly reactionary.

Sales at the board, including unlisted stocks, amounted to 1,687,694 shares, against 1,960,232 shares on Monday and 1,274,392 shares on Saturday. Following is a summary of yesterday's market:—

Talked About in Wall Street.

It was rather the expected which happened in the stock market when prices broke yesterday. Expert observers had already expressed the opinion that the market must assuredly decline unless some news announcement adequately explaining the plunging activity and recent sharp advance was made. No news came to hand yesterday and prices declined.

The decline, all things considered, was a normal movement. It was impossible to continue the high pressure of activity indefinitely without something to explain it, and again prices had advanced so rapidly and so extensively without reaction that reaction was certainly due. Heavy distributive and profit taking sales had somewhat weakened the speculative position, and the market was filled with stop orders. Traders worked for reactions and greatly assisted in the declines.

Market Influences

There was a subsidence of the remarkable and in some instances plausible stories of railroad mergers which served to feed speculative fancies last week. Practically the same tactics were adopted of advancing a group of two or three stocks, under cover of which it was found possible to distribute former favorites, but yesterday these attempts proved futile under the general liquidating sales.

Amalgamated Copper, Brooklyn Rapid Transit and other tractions were the features selected by the market operators yesterday, but the early gains established were wiped out in the wave of liquidation, which seemed to centre in Union Pacific. London was reported a buyer of the American list and the higher range of prices cabled before the opening here indicated that there was some basis for the statement.

Course of the Trading.

At the outset the majority of stocks showed fractional gains over the closing of the previous night. Southern Pacific and Baltimore and Ohio opened higher and the tractions developed strength. The break in Union Pacific which followed after the first hour's trading created disquietude among the traders, as it revealed the fact that the market was too largely filled with stop loss orders and some weak accounts. The bound in Union Pacific after the slump of three points did not wholly allay the fears that had been created, [illegible] a result the market became "spotty" and inclined to develop a reactionary tone. This tendency became more pronounced as the trading progressed. A substantial reaction was in full swing in the last hour of business. All the active speculative leaders sustained losses of from one to three points. In the decline pressure from bear sources was apparent. Covering from the same sources later resulted in a rally.

Money Market Affairs.

The money market ruled strong but was without sensational change. Call money ruled at three per cent. Time money was 3¼ to 3½ per cent for sixty and ninety days and 3½ to 3⅝ per cent for four, five and six months. Well secured loans were as a general thing placed without much difficulty at the lower rates of the two.

Demand sterling was steady and practically unchanged at 4.8660. On Sub-Treasury operations banks lost $934,000 to the government, making a loss on the part of the banks of $1,615,000 since Friday. This compares with a gain of $16,000 for the same interval last week. Customs collections were again heavy yesterday, amounting to $886,830.

The Pacific Shares.

The Pacific shares, Union and Southern, were again tremendously active and both underwent declines. The break in Union Pacific at the outset had in fact much to do with the general unsettlement of the market in the early trading. Southern Pacific's decline seemed to be sympathetic with that of the controlling company.

Nothing in the way of news developed to explain the heaviness of these stocks. In fact, the absence of news contributed more largely than anything else to their decline. It was idle to whisper stories of buying for control when huge quantities of stock were pouring out. That some stock was taken on the decline was self-evident, whether to cover shorts or for the long account, however, did not appear.

Steel Preferred Weak.

Many believed that the pronounced weakness in Steel preferred in the afternoon caused a general selling of the list. The weakness in this stock was one of the contributory agencies in the decline, but it was said on the floor that the slump in this issue was due to the poor execution of a large selling order. Traders discovered that a fairly large block of the stock was for sale and the market was hammered right and left. In the end the traders covered their commitments from the unfortunate broker who had the selling order. In the common stock much activity developed, and despite the recession in the preferred stock it closed for a fractional gain.

Amalgamated Copper.

Amalgamated Copper was selected at the outset as one of the issues to lead the market. For a time headway was made, but the scoop in Union Pacific, in which that issue broke about three points, disarranged all plans, and activity ceased. There is some talk that the management is preparing a report which will set forth the condition of the company's affairs, and will furnish to the stockholders some ideas as to its resources. In the reaction, the stock suffered a loss of two points from the high figure, closing unchanged. The smelting and lead stocks moved as did the balance of the market.

Southern Iron Merger.

Very little that was new came out in regard to the Southern coal and iron merger and the same reports of a hitch in the negotiations that were current on Monday were in circulation. It appears that there are doubts as to the success of the merger on account of the differences over the Tennessee Coal and Iron control. On element asserts it has bought contracts for the control of the property, whereas the present management announces that it has the certificates stored in vaults. The idea is ridiculed by many that the holdings of one capitalist, whose name is freely mentioned, has pooled his stock with the merger promoters.

RECEIVER APPLIED FOR.

Charges Made That Wellsburg and Buffalo Valley Company Is Insolvent and Mismanaged.

TRENTON, N. J., Tuesday.—Joseph A. West, of Beaver, Pa.; Luke F. Darrell, Allegheny, Pa., and Carl C. Law, of Pittsburg, to-day filed in the Court of Chancery a bill for the appointment of a receiver for the Wellsburg and Buffalo Valley Company [illegible] the Washington and State Line Railroad, the Wellsburg and State Line Railroad Company and the Wellsburg Coal Company.

It is charged that the Wellsburg and Buffalo Valley Company is insolvent; that it is in default of interest on its outstanding bond issue of $1,000,000; that it owes the Knickerbocker Trust Company of New York $150,000 of borrowed money, and that it is largely indebted for unpaid salaries and current expenses. There is a general allegation of mismanagement of the affairs of the company and it is alleged that Mr. West has been illegally ousted from the office of vice president.

The improvements will cost $2,000,000.

Boston Wool Market.

BOSTON, Tuesday.—The wool market is quiet and steady. The offerings in this market have been greatly affected by the recent fire at the Hoosac Tunnel docks, in Charlestown, which destroyed between 6,000 and 8,000 bales of Australian wool. Domestic fleeces are quiet, but hold steady.

NEW YORK'S IMPORT TRADE IS MENACED

Gulf Lines Threaten to Divert Traffic in Imported Goods from Atlantic Seaboard.

DUE TO WESTERN RATE WAR

Disagreeing in Policy, Three Roads Disrupt Trunk Line Import Committee by Withdrawing from It.

As a result of the Western freight rate war, the rivalry between the Eastern and the Southwestern lines, upon which hinges the diversion of tariff from Atlantic to the Gulf ports, has entered upon a new phase, still further threatening the trade of New York. An attempt is now being made to divert the import traffic of the Atlantic ports to the Gulf, the first effect of which has been to disrupt the Trunk Line Import Committee.

Considering it their duty to protect American manufacturers by maintaining equal rates on import and domestic traffic, the Trunk lines had refused to meet the Gulf port competition. The New York lines especially objected to a cut in rates on imported goods.

It was learned, however, that Philadelphia and Baltimore lines had cut their import rates. Several meetings of the Trunk Line Import Committee were held, at which efforts were made to reach a general understanding. Propositions were made to continue operations, keeping rates in as good a condition as possible, and requiring ten days' advance notice on the part of any line which should decide to act independently on the question of rates.

The members of the committee objected to the compromise, and as a consequence, the Erie, Lackawanna and Lehigh Valley presented a joint notice of withdrawal. Their defection has practically dissolved the Trunk Line Import Committee.

According to the traffic manager of one of the lines that withdrew from the agreement, their position has been strengthened by this action. "Our withdrawal," said this official, "emphasizes the necessity for a reorganization upon stricter lines. It does not signify necessarily that we will meet the cut in import rates.

"Any such action would place us in a delicate position as regards domestic manufacturers, as the cutting of import rates necessarily benefits foreigners. We consider the attitude of the Southwestern lines as a purely selfish one in this matter. The cutting of export rates is radically different, as that serves to stimulate traffic and the country's trade.

"While the reduction of import rates by the Gulf lines has not so far reaching an effect on New York's trade as the diversion of grain traffic, it is nevertheless a serious matter. New York is the natural distributing point of imports, and this city would suffer severely from the loss of traffic in high class imported manufactures.

"There will be a meeting of the trunk lines in Chicago next week to discuss this question of competition in rates on import traffic to the West."

It is feared by the railroads that American manufacturers who are suffering from the effect of lower charges on imported goods may appeal to the Interstate Commerce Commission against what they maintain is an unjust discrimination against them.

MUST WAIT FOR SALARIES.

Not Enough Money Left in Uncle Sam's Treasury to Pay the Customs Employes.

Little was discussed at the Custom House yesterday but the inability of Uncle Sam's Treasury Department [illegible] monthly salaries, which fell due [illegible] day. Not only in this city, but in all branches of the department which come under the head of "collective departments" were the men informed that there was not enough money left under the year's appropriation to pay their wages.

The reason for the deficiency was that the amount already appropriated for the collection of customs revenue had been paid out. Unless the general deficiency bill is passed between the present time and Saturday there will be no funds available. If the bill is not passed by that time there will be no funds available until next July. Assurances were given the customs employes in this city yesterday that the funds will be forthcoming this week.

At the Custom House it was stated yesterday that the amount annually appropriated to defray the expenses of collecting the customs was only $5,000,000. This amount has been annually appropriated for thirty years, notwithstanding the vast increase in work and in the number of employes in that time. The appropriation has been increased by fines and seizures, the average total of which is about $1,125,000. Secretary Shaw now proposes to make the appropriation $9,000,000 a year, which will be sufficient for all expenses.

NET PROFITS INCREASE.

Associated Merchants' Company, in Semi-Annual Report, Shows a Gain of $21,468.

In its report for the six months ended February 1 the Associated Merchants' Company shows net earnings amounting to $568,600, an increase of $21,468 over the same period in 1904. After dividend payments made on the first and second preferred and common stocks, and an extra dividend, there was left a surplus of $96,814.

John Claflin, president of the company, says the various classes of stockholders have entered into an agreement whereby, whenever the rate of distribution on the common stock shall exceed 7 per cent per annum, then for each additional 1 per cent beyond 7 per cent in the rate paid on the common stock the preferred stocks shall be entitled to additional dividends at the rate of ½ of 1 per cent per annum beyond their present fixed rate."

For the common stock the dividend rate was raised to 8 per cent, and in pursuance of the agreement the dividend rate on the first preferred stock was increased to 5½ per cent and the rate on the second preferred stocks to 6½ per cent.

According to the general balance sheet the total assets amount to $16,047,488. The company has no indebtedness. Seven shares of first preferred stock were converted into second preferred during the half year and 5,260 shares of first preferred into common stock.

HURT BY VICIOUS SCHEMES.

Unsound National Building and Loan Associations a Great Injury to Honest Concerns.

ALBANY, Tuesday.—"No class of financial institutions has ever been subjected to a severer strain than that which the truly co-operative building and loan associations of this State have sustained for many years," says Superintendent Frederick D. Kilburn, of the State Banking Department, in his annual report on building and loan associations, made public to-night.

"Since the vicious schemes," he says, "and unsound theories upon which certain national associations masking under the same name were based have been exposed and the associations themselves compelled to discontinue business, the well managed associations have been obliged to share in the odium caused by the failure of the others.

"I think, however, it is apparent," Mr. Kilburn adds, "that while the building and loan movement has been greatly injured by these failures there can be no doubt that general conditions are much better than they were before the weeding out process began."

RAILROAD CONSOLIDATION.

Combination of Lines Forming New York Canadian Pacific Would Parallel New York Central.

ALBANY, N. Y., Tuesday.—An agreement of consolidation of the New York and Albany Railroad Company, capital $5,000,000, with the Schenectady and Albany Railroad Company, capital $150,000, and the New York Northern Railroad Company, capital $5,000,000, forming the New York Canadian Pacific Railway, was filed with the Secretary of State here to-day.

The consolidated company has a capital of $10,150,000. The directors are Verplanck Colvin, George C. Van Tuyl, Jr., and W. Howard Brown, Albany; John McEncree, Schenectady; Peter H. Flagler, Clarksville; James Francis, Edwin A. Jones and Edward D. A. Colvin, New York city, and Kenneth K. McLaren, Jersey City, N. J.

These companies hold franchises to construct a line of railroad from New York city to Canada, passing through Albany and the Adirondack region, which would practically parallel the New York Central. At hearings before the State Board of Railroad Commissioners applications for issuing securities to construct the lines have been denied.

CREDITORS WORKING FOR A SETTLEMENT

Ellingwood & Cunningham Accounts Investigated—May Include Outside Assets.

Judge MacLean, of the Supreme Court, has granted an order for Charles H. Ellingwood, assignee of the firm of Ellingwood & Cunningham, stock brokers, of No. 41 Wall street, to file a provisional bond of $300,000 as assignee until the full schedules are completed. He stated that from an examination of the firm's books it appeared that the liabilities are $2,239,500, nominal assets $952,428 and actual assets $265,800, consisting of equities in loans, securities in vault and a seat in the New York Stock Exchange.

Efforts are still being made by a committee of creditors in behalf of the firm to prevent bankruptcy proceedings. It is hoped that creditors will sign an agreement releasing the firm from payment in cash of the obligations in full on certain conditions. These conditions involve a proposition to include in the list of assets personal property of Mrs. Cunningham and real estate of Mr. Cunningham at Long Branch, known as Norwood Park.

Several creditors complain that a number of accounts existed which were mainly speculative. An investigation disclosed that many of these accounts were uncollectible. The offers for a settlement made by the firm including assets which could not be touched in bankruptcy proceedings are considered generous by the creditors, and it is believed that a compromise will be made. These assets consist of New York realty and are valued at about $400,000. In event of a settlement about forty per cent will be paid in cash and the balance in notes.

The failure, with liabilities of $2,239,500, while considered a large one, has not heretofore attracted the attention which ordinarily is given a concern of such prominence. Recently, however, there has been considerable discussion in brokerage houses and among the speculative element concerning the disclosures made in the investigation of the firm's books.

TO MAKE CHAIRMAN ELECTIVE.

Proposed Amendment to Stock Exchange Constitution Will Not Require Appointee To Be a Member.

Members of the New York Stock Exchange are this week voting upon the proposed changes in the constitution of the Exchange to make the secretary of the Exchange appointable by the Governing Committee, who may then select a nonmember of the Exchange for the office.

It is also proposed that the Governors will have the privilege of appointing a nonmember as chairman of the Exchange.

Steel Plants Are All Busy.

It is estimated that 1,000,000 tons of steel rails have been ordered from the different steel producers so far this season. Steel Trust officials state that during 1905 about 2,000,000 tons of rails will be sold. Every steel plant of the corporation is now in operation, including the Union plants and those of the Clairton Steel Company.

To Double Company's Capital.

At a special meeting of the stockholders of the Title Insurance Company, of New York, yesterday it was voted to increase the capital stock of the company from $1,000,000 to $2,000,000, and it was also voted to offer the 10,000 shares of new stock to stockholders of record on March 8, 1905, share for share, at $150. Its par value will be $100.

Mr. Perkins to Take a Holiday.

George W. Perkins, of J. P. Morgan & Co., will leave to-morrow for a trip South. Mr. Perkins will take a vacation for about two weeks.

Equipment for Western Maryland.

BALTIMORE, Tuesday.—Vice President F. S. Landstreet, of the Western Maryland Railroad, came to Baltimore to-day for the purpose of making an inspection of the road. While here Mr. Landstreet announced that the management had decided to purchase new equipment for the Western Maryland, and that bids for the new cars and locomotives have been asked. The equipment decided on for this year includes twenty-six new locomotives, new rails and more than 1,800 new cars, representing an outlay of about $1,900,000.

Erie Road's Earnings.

Gross earnings of the Erie Railroad for the month of January were $3,376,810, an increase over the same month in 1904 of $420,481. The increase in net was $327,124. Gross for the seven months ended January 31 show an increase of $326,244 and net an increase of $372,686.

CONDITIONS IN COTTON.

Farm Work Begun, but Extent of Acreage Reduction Will Not Be Known for Some Time.

[SPECIAL DESPATCH TO THE HERALD.]

NEW ORLEANS, Tuesday.—The Times-Democrat, in its editorial on the cotton situation, will say to-morrow:—

"Increased inquiry for the actual stuff, comparatively heavy spot sales, the refusal of farmers to follow the decline, widening channels of consumption and bearish fears that the big movement time may be delayed some weeks longer, sent 'shorts' to cover in the cisatlantic cotton markets, yesterday, and a small reaction in the contract price resulted as a natural consequence. There was no bullish activity and the staple had to take care of itself. Cotton farm work has at last begun in those sections where the thawing and drying out process started first. With good weather farm work should be well under way generally by March 15. The extent of the acreage reduction, however, cannot be known for three months.

"Meanwhile, conditions in the dry goods market show marked improvement, and the world's mills are busy notwithstanding the reported failure at Rouen. Beyond the shadow of a doubt cotton is cheap enough, but the possibilities of a further dip are too many and too apparent for the consumer yet a while to view with alarm the probability of the farmer holding his cotton through the planting season, summer and, maybe, the fall, as well.

COMMERCIAL MARKETS.

Quiet Session in Cotton—Severe Break in Coffee—Further Declines in Wheat—Corn Irregular—Weak Close to Provisions.

In a market that was quiet cotton yesterday ruled generally steady and closed the session for slight gains. The market opened steady and 1 to 4 points higher and closed very steady and net 2 to 4 points higher.

Coffee was very weak and under liquidation suffered its severest break since January. The market opened irregular and 10 to 20 points lower and closed easy and net 35 to 40 points lower. Wheat continued to decline and at the close May was net 2¼c. lower and other options from 1c. to 1⅞c. Corn was firm and weak by turns and closed ⅜c. net lower. Provisions were strong in the early trading, but finally turned weak with grain.

Slight Gains for Cotton.

COTTON.—The cotton market ruled generally quiet, and after an early decline following the big estimate for to-day's receipts at Houston, was generally steady, but without showing any special snap and without much more than recovering the early break, although final prices showed slight net gains.

The opening was steady at an advance of 1 a 4 points in response to better cables than expected. Local professionals, however, seemed to have bearish opinions of the market and New Orleans sent some selling orders. This pressure became more pronounced after the Houston estimate was posted and prices immediately following were about 9 to 10 points net lower. During the balance of the session fluctuations were generally irregular until toward the close, when a better demand from shorts and some buying credited to leading spot interests imparted a steadier tone to the market and final prices were very steady at a net advance of 2 a 4 points. Sales were estimated at 200,000 bales.

The local market for spot cotton closed quiet and unchanged on the basis of 7.60 for middling upland and 7.85 for middling Gulf.

The range of contract prices in the local market yesterday was as follows:—

Coffee Very Weak Under Liquidation.

It was another active and weak day in the coffee market. Transactions were not so heavy as on one of the days of heavy liquidation last week, but the break was the most severe experienced since the decline started last January, with prices at the close of the day nearly 2 cents a pound below the high level of the season.

The opening was irregular at a decline of 10 a 20 points, and the market worked lower all the session under liquidation credited to houses with Cotton Exchange connections, and later by selling that was supposed to come from one of the chief of the recent supporters of the market. The close was easy at a net decline of 35 a 40 points. Sales were 333,000 bags.

The spot market was unsettled by the continued decline in futures, which it seems is causing interior jobbers to hold for a better buying level. Quotations were more or less nominal, 7¾s. for Rio No. 7.

The range of contract prices in the local market yesterday was as follows:—

Wheat Continues to Decline.

GRAIN.—Wheat—Further severe declines took place in the wheat market, being accelerated in the last hour by reports that a leading short line in Chicago had made a settlement some time ago. This also gave more or less color to the talk about an abandonment of the bull deal and brought out a lot of long wheat that had withstood the sharp declines of the previous day.

At the close May wheat here showed 2¼c. net decline, and other months from 1c. to 1⅞c. loss. There was very little buoyancy to the market at any time during the session, a few rallies only taking place, mostly when influenced by strength in corn. After the regular close May sold down to $1.13⅝.

The local cash market closed as follows:—No. 2 red, $1.20⅝; No. 1 Northern Duluth, $1.23⅝; No. 1 hard Manitoba, $1.01¼, f. o. b., afloat.

Corn.—The corn market exhibited several periods of firmness during the day and seemed at times to get good support at the West from the same people who bought on Monday, but on the bulges was met by heavy commission house and other selling, under which, together with the influence of wheat's decline, the market gradually sagged off, closing here ⅜c. net lower.

No. 2 corn in the local market closed at 58c., elevator, and 54c., f. o. b., afloat; No. 2 white, 54½c., and No. 2 yellow, 54¼c., f. o. b., afloat.

Oats.—This market followed corn all day and was easy, with commission houses good sellers and bull confidence lacking. Cash oats in New York closed as follows:—Mixed 26 to 32 lbs., 37c. a 38c.; natural white, 30 to 32 lbs., 38c. a 38½c., and clipped white, 36 to 40 lbs., 38½c. a 41½c.

Rye nominal.

Barley.—Market steady. Feeding was quoted 44½c., c. i. f., New York, and malting, 46c. a 52c., c. i. f., Buffalo.

FLOUR AND MEAL.—In view of the unsettled state of the wheat market there was practically nothing doing in flour. Sales were small and for immediate needs only. Mills made a further cut in prices for choice grades. Rye flour steady. Buckwheat flour dull. Corn meal steady. Bag meal steady. Feed.—Western dull; city, steady.

Provisions Turn Weak.

PROVISIONS.—A stronger opening in the market, due to firm live hogs and smaller receipts, was followed by unloading, based on the heaviness in grain, and the market closed rather weak. Packers sold product, while foreign houses were buyers early. The Chicago receipts were 22,000; Kansas City, 13,000, and Omaha, 9,500, while the West had 65,000.

Pork steady; quoted, mess, $12.75 a $13.50; family, $14 a $15; short clear, $13 a $15.25. Beef firm; quoted, mess, $9 a $9.50; family, $11 a $12; packet, $10.50 a $11; extra India mess, $15 a $17. Beef hams firm; quoted, $22 a $22.50. Dressed hogs steady; quoted, bacons, 6⅝c.; 160 lbs., 6¾c.; 100 lbs., 7½c.; 140 lbs., 7¼c.; pigs, 7⅝c. a 7¾c. Cut Meats.—Pickled bellies steady; quoted, smoking, 7½c.; 10 lbs., 7¼c.; 12 lbs., 7¼c.; 14 lbs., 7c.; pickled shoulders nominal; quoted, 6c.; pickled hams quiet; quoted, 8¾c. a 9c. Tallow dull; city, 4⅝c.; country, 4⅝c. a 4¾c. Lard firm; quoted, Chicago, prime steam, $7.20; Middle West, prime, $6.90; city lard quiet; quoted, 6½c.; refined lard firm; quoted, South America, $7.75; continent, $7.25; Brazil, kegs, $8.75; compound firm; quoted, 4¾c. a 5¼c.; stearine steadier; quoted, oleo, 6⅝c.; city lard stearine, 7¼c. a 7½c.

Butter.—Creamery extras, 32c. a 33c.; State, dairy, tubs, extras, 26c. a 27c. Cheese.—State, full cream, small, September, colored, fancy, 13⅝c. Eggs.—State, Pennsylvania and nearby selected, white, fancy, 33c.

Sugar Active and Firm.

SUGAR.—Refined sugar was fairly active at firm but unchanged list prices. Jobbers seem to have covered their nearby requirements by recent purchases in anticipation of a higher market. Every important market reports a firm undertone for raw sugar, with full prices quoted and higher prices asked. Centrifugal, 96 test, is quoted at 5¼c.; muscovado, 89 test, at 4⅝c., and molasses sugar, 89 test, at 4⅝c.

The Metal Market.

TIN.—The London tin market, meeting with less pressure from speculative sources, was firmer, recovering about half of Monday's loss and closing at £131 7s. 6d. for spot and £130 15s. for futures. Locally the market was steady in sympathy, closing at $28.50 a $29.

COPPER.—The London copper market was unchanged at £68 6s. 3d. for spot and £68 15s. for futures. Locally the market continues firm, with producers holding lake at 15.25c. a 15.50c., electrolytic at 15.12½c. a 15.50c. and casting at 14.87½c. a 15.25c.

LEAD.—Lead was easier abroad, closing at £12 3s. 9d. in the London market. Locally it was unchanged at $4.45 a $4.60. Spelter was steadier at £24 in London but remained unchanged in New York, where it closed at $6.10 a $6.20.

NAVAL STORES.—Stocks:—Rosin, 18,278 bbls.; spirits turpentine, 639 bbls., and tar, 1,429 bbls. The general market showed quietness but firmness for rosin, and $2.08 was asked for common to good strained. Spirits turpentine was quoted at 53½c. for machine made barrels.

Live Stock Market.

BEEVES.—Receipts were 59 cars, or 1,040 head, all for exporters and slaughterers with the exception of 8 cars. Very little trading; feeling steady. S. Judd & Co. sold to an exporter 7 Indiana bulls, 1,785 lbs. average, at $4.60 per 100 lbs. No other sales reported. Dressed beef quiet at yesterday's quotations. No later cable advices received.

CALVES.—Receipts were 420 head, about all for the market. Veals moved rather slowly at about Monday's closing prices. A little more than 50 head were held over. Common to prime veals sold at $4 a $8.50 per 100 lbs.; a bunch of selected do. at $8.75; no barnyard calves on sale. Dressed calves weak and easier. City dressed veals sold at 7c. a 13c. per lb.; country dressed, 7c. a 11½c.

SHEEP AND LAMBS.—Receipts were, including late arrivals, 6 cars, or 1,215 head, all for the market, and, with the stale stock, there were about 8 cars on sale. Sheep ruled steady; lambs were slow and weak, and about 4 cars were held over. Common ewes and bucks sold at $4 a $5 per 100 lbs.; late yesterday a car of prime Western sheep sold at $6.40. Lamb sales to-day were at the range of $7.50 a $8.60. Dressed mutton steady at 8½c. a 11c. per lb.; dressed lambs at 12c. a 14c. Country dressed hothouse lambs lower at $3 a $9 per carcass.

HOGS.—Receipts were 32¾ cars, or 5,619 head, including about a carload for the market. Trade slow and prices weak. No sales reported. Late sales made Monday were at the range of $5.10 a $5.45 per 100 lbs. for Pennsylvania pigs and light State hogs. Country dressed hogs slow at 5¼c. a 7½c. per lb. for heavy to light weights; rough hogs, 4c. a 4½c.

Chicago Grain Markets.

CHICAGO, Tuesday.—The May deal in wheat is down and out. At least that was the local interpretation of a new break of 2⅝c. a 2¾c. to-day in the price of wheat for May delivery. July wheat sold off an even 2c. The market closed at practically the lowest point of the day. May corn is off ⅛c., oats are down ¼c., and provisions 2½c. a 10c.

Estimated receipts for to-morrow:—Wheat, 0 cars; corn, 243 cars; oats, 132 cars; hogs, 36,000 head.
